Key Features and Benefits:

Front and Back Door Kit - This front and back door kit provides a simple, hassle-free solution for your home. It comes with two pushes that are pre-linked to one doorbell. Simply place one push at each door so you'll never miss a visitor again.

Never miss a visitor or delivery - Take your portable doorbell anywhere around your home and garden, with Honeywell ActivLink™ technology providing a reliable wireless range of up to 150m, while the maximum volume of 84dB can be heard up to 80m away.

Disturbance Free - Easily adjust the volume to suit your family and mood, or when you simply want some quiet time.

Visual Alerts - The LED Strobe provides a discreet but effective visual alert which complements your chosen melody in loud environments, or helps to alert you when the doorbell can't be heard.

Revolutionary design - Compact and beautifully designed in a harmonising palette of white and grey, our doorbells are designed with your home in mind.

Peace of mind - Peace of mind for visitors, thanks to a LED confidence light on the push button, and peace of mind for you, thanks to the Secret Knock function which plays a different melody, so you know if it's a family member or friend at the door. For total peace of mind, let Honeywell ActivLink™ interconnect your doorbell with Honeywell security accessories and Home Alarm Kits to build your own bespoke home alert and alarm system.

Reliability and Quality - Honeywell ActivLink®, using the 868MHz frequency, is our innovative wireless protocol which delivers greater range capability, extended battery life of up to 2 years, and improved connection reliability, all supported by our 2 year product quality guarantee.

Compact size with rich sound - All Honeywell doorbells benefit from digitally enhanced, crystal clear sound that carries well throughout the home and garden, packing market-leading sound quality into some deceptively small packages!

Easy To Install -

All Honeywell doorbells come pre-linked and ready to install straight out of the box, with optional screw-free installation and an easy open battery compartment so you can be set up in minutes. All this is backed up by our 2 year product guarantee.
